# COVID-19 Sanitary Policy on Campus

## Mandatory for Students, Staff, Professors and Visitors

Due to the ongoing pandemic risks HEC Paris has implemented the following rules below. Not respecting these instructions can lead to sanctions, in accordance to HEC Internal Regulations. Rules will evolve as the sanitary situation develops.

**Masks are mandatory in all public closed areas and in outdoor public spaces.** Masks are available at the Welcome Desk at the entrance of the campus or in the medical center.

On HEC Paris Campus, you must therefore wear a mask in the following situations:

- **When you circulate inside and between all public indoor areas (campus buildings, restaurants, halls, corridors, student residences...)**
- **When you sit in a meeting room, classroom, amphitheater, or any common room in residences or elsewhere.**

**Wearing the mask is not compulsory in the following cases:**

- When you work in an individual office or room on your own.
- When you eat or drink, while respecting the minimum one-meter distance from everyone else.
- During physical exercise

## COVID TESTING

If you have any doubts or symptoms of Covid (fever, cough, severe fatigue, etc.), please stay home and get tested quickly.

- A mobile testing center in front of the campus entrance is open Monday-Friday, 9-5pm
- If your test is positive, you should inform our medical center (medical-center@hec.fr) as soon as possible and isolate yourself for 10 days. All contact cases should be tested.
- If negative, you can resume your activities if you are vaccinated.
- Unvaccinated contacts should self-isolate for 10 days, regardless of whether you test positive or negative.
- At the end of the isolation period, you must have a negative test or a medical certificate of recovery to resume your normal activities.
- We will ensure continuity of education to those who have to self-isolate because of Covid.

## HEALTH PASS

### What is a Health Pass?

- A vaccination certificate showing full vaccination.
- A negative PCR or antigen test taken within less than 24 hours.
- A certificate showing recovery from Covid-19 dated from less than 11 days to 6 months.

The Health Pass is NOT required to access classrooms, Learning Center, study rooms, offices, and the dining hall "Self". The Health Pass IS REQUIRED to access indoor sports facilities, restaurants, museums, bars, and cultural centers.

All the instructions and adaptations related to the Coronavirus on and off the HEC Campus are available on this dedicated page of your student portal: <https://portal.hec.fr/campus/en/covid-19/Pages/default.aspx> .

## WELCOME

The HEC Paris MBA Council, an HEC Paris Student Union Club, would like to welcome you to the HEC Paris MBA! The Council is committed to helping you make the most of your time here.

This Welcome Brochure is a general guide to life at HEC Paris. It was created to provide students with practical, up-to-date information to make your move here as smooth as possible. It is designed to give you the information you need to adjust to life at HEC Paris.

This brochure is by no means exhaustive. By definition, the Welcome Brochure is a living document subject to annual updates. Please note that all details and times are subject to change. We recommend that you check on each website for open times and more information. If you find information that is out of date, don't hesitate to let us know. We welcome your feedback, comments and suggestions.

If you have any questions about topics that are not addressed here, feel free to get in touch directly with the MBA Council at [association.mbacouncil@hec.edu](mailto:association.mbacouncil@hec.edu).

On behalf of the MBA Council, we look forward to getting to know you and working with you over the coming months.

Welcome to the HEC Paris MBA!

Samuel Deason,  
HEC Paris MBA Council President

# TRANSPORTATION

## TRAVEL TO PARIS AND SUBURBS/ILE-DE-FRANCE REGION

For those with on-campus accommodation, a free taxi service will be available to transport you from the Charles de Gaulle Airport to campus **January 5-7**. Please ensure you fill out the arrivals survey sent by the Admissions Team beforehand ([admission@hec.fr](mailto:admission@hec.fr)).

The French public transport system runs nationwide. It is fast, frequent and well-connected to even the smaller cities in France; however, the French live up to their reputation, and the occasional transportation strike may affect your journey.

### Travel from HEC Paris

#### Busses

- **Bus 9 transports you between campus and Gare du Guichet (RER B line)**
- **Bus 32 transports you between campus and the Jouy-en-Josas train station (RER C line)**
- **Bus 264 transports you between campus, Jouy-en-Josas, les Loges-en-Josas and Versailles Chantiers train stations**

#### Shuttle Bus

During the week there is a Shuttle Bus that connects the campus both to the RER station Massy Palaiseau and the metro station Pont de Sevres. On the weekend there are also connections at night to and from the metro station Denfret Rochereau.

#### Timetables

Please refer either to the campus main entrance's front desk or check for the latest schedules for all bus lines and shuttle transfers! <https://portal.hec.fr/campus/en/Pages/Transports.aspx>

#### ZOOV e-Bike Share at HEC Paris

A station for electrically-assisted bicycles is installed at the campus entrance. You can use the bikes to move around on the Saclay plateau and go to the Jouy train station. To take advantage of the negotiated prices, download the ZOOV application using your HEC Paris email address (@hec.fr or @hec.edu).

Rates	From 1 to 10 minutes	0,20€ per minute
	From 10 to 20 minutes	no additional charge
	From 21 minutes and above	0,20€ per minute

### Travel from Jouy-en-Josas

#### Train

The train station Jouy-en-Josas is about 20 mins from campus by foot, best accessible through a wooded pathway near the Canteen Restaurant, or 8 minutes by the 32 bus, which leaves directly from campus.

### Navigation

#### Apps:

- **CityMapper:** gives you the fastest routes via public transport and also compares these to other means of transport (uber, taxi, electrical scooter, ...). It also covers other major cities such as London, Amsterdam, Milan and Moscow.
- **ViaNavigo:** Specifically for the Ile-de-France this app shows you the fastest routes by public transport, bike or carpool.
- **SNCF:** great app to plan your journey by train to further destinations in France

## Ticket Options

### Infrequent Travel:

- **Single trips:** The t+ ticket is the most used single trip ticket and it lets you use all train, metro and bus lines within central Paris (zones 1-3, Jouy is in zone 4), but also the bus lines that connect HEC to the RER network. Individually they cost €1.90.
- **“Carnet de 10”** (packs of 10): if you know you will make multiple journeys it is worth buying a pack of 10 at the station. These typically cost €14.90.
- **Navigo Easy Pass:** the t+ tickets mentioned above will eventually be phased out. Instead, you can purchase a Navigo Easy Pass for €2 (at any train/metro ticket office), which can be recharged at the same price as the tickets above. This eliminates the hassle of carrying 10+ tickets around with you. Visit [ratp.fr/en/node/10971](https://ratp.fr/en/node/10971) for more information.

### Frequent Travel:

#### Navigo Pass (Carte Navigo)

If you plan to use public transport regularly in Paris it is worth investing in a Navigo Pass, a card that offers a fixed rate for all public transport in zones 1-5 of the Ile de France. You can choose whether you would like to pay for it on a weekly, monthly or annual basis. To obtain a card you can either complete an application online at [navigo.fr](https://navigo.fr) or at a Navigo pass counter in larger train stations.

#### **Please note that weekly and monthly passes have some limitations:**

The downside of the pass is its strict timing. Navigo pass validity starts on Monday morning (00:00) and ends the following Sunday at midnight (11:59:59 PM / 23:59:59) regardless of which day you buy the pass. After Thursday midnight, you cannot buy & use the pass for the current week. If you buy Navigo after Thursday midnight / Friday morning onwards, the Navigo week pass cannot be used until Monday morning when its validity period starts.

Monthly Navigo Cards for the next month are on sale from the 20th day of the preceding month. This means you can buy a Navigo Month pass only up until the 19th day of the current month. For example, if it's September 20, you can purchase and apply the October Navigo Monthly pass validity to your Navigo card and it will be good up through to October 31.

### Traveling outside Il-de-France

Paris has six major train stations in its city center, each of which serves a different region of France and Europe. These stations are where you will find the “**Grandes Lignes**” that will allow you to travel throughout France and to other major cities of Europe.

**Tip:** go to [sncf.com/en](https://sncf.com/en) or download the [SNCF app](#) to buy tickets and plan your journey!

## DRIVING IN FRANCE

French driving rules, road signage and gas stations may be different from your home country. This article contains what you need to know before hitting the roads in France: [wikitravel.org/en/Driving in France](https://wikitravel.org/en/Driving_in_France). There are certain terms and conditions for foreign nationals who don't have a French driver's license.

### Driving License Requirements

You may drive in France as long as you have a student card and meet the following:

- Your license must be valid
- Your license must have been issued before your studies begin in France
- Your license must be issued by your home country
- If you have a visa, your license must have been issued before your visa begins

- Your license must be written in French or accompanied by an official French translation

The requirements for non-students in France are different. If your partner wants to drive in France, make sure to check specific requirements.

**Important:** A number of car-rental companies will only rent to people with an international license. Therefore, obtaining an International Driving Permit from your home country before you arrive is a sure way of avoiding any problems.

#### Long-Term Car Rentals

##### **Glide** ([glidemobility.com](https://glidemobility.com))

Glide is an on-campus car-sharing rental program run by an HEC alumnus. The service is exclusive to HEC students. For further details make sure to visit their [website](https://glidemobility.com).

##### **Zencarz** ([zencarz.com](https://zencarz.com))

Founded by an HEC MBA alumnus, Zencarz.com leases cars for a period of 6 months or more, tailored for HEC students. For further details make sure to visit their [website](https://zencarz.com).

#### Parking

##### **On Campus**

There are plenty of free parking spaces all across campus, with the exception of a covered parking area that belongs to Building A. To enter campus with a vehicle you will need your student card to pass through the entrance gates. Without a student card you can speak to reception to ask for access.

The gates also have license plate cameras. You can register your car online via Intranet. After a few days you will be able to enter campus by car etc. without using your HEC student card.

#### Other Travel Options

##### **Taxis**

Some providers such as G7 have English speaking lines (+33 1 41 27 66 99). Operators are available 24/7 and bookings can be made from seven days in advance until one hour before pick-up. Immediate pick-up calls are also possible but waiting time will depend on how busy they are. G7 also has a [mobile app](https://www.g7.com/en).

A taxi between Versailles and the HEC Paris campus usually costs between €15 and €20. A taxi between Paris and the HEC Campus might cost around €90. Taxi prices are more expensive late at night. It is always worth checking the various HEC MBA group chats to find mates to share a trip (and the costs) with.

##### **Taxi alternatives**

These are a few alternative apps that tend to be less expensive than traditional taxis:

- **Bolt** ([bolt.eu/en](https://bolt.eu/en))
- **Kapten** ([kapten.com](https://kapten.com))
- **Karos** ([karos.fr](https://karos.fr))
- **Uber** ([www.uber.com/fr/en](https://www.uber.com/fr/en))

## ACCOMMODATION

  - Your name and partner's name,
  - Your partner's valid email address,

  - **Never send the contract by email.**

HEC Paris will create a secure and individual Teams space to download the signed contract **and** picture. The file will then be processed.

The access card will be delivered upon arrival on campus after the online payment of the club's membership fee. To learn more about the Partners Club, email [association.hec-paris-partners-club@hec.edu](mailto:association.hec-paris-partners-club@hec.edu).

## OFF-CAMPUS HOUSING

If you plan to use public transport to commute to campus, we recommend that you double-check the train/bus schedule before deciding on off-campus housing. Some locations will have direct train and bus connections; for others, it will be necessary to take a combination of trains and buses to arrive.

### Important Information about Apartment Rentals

When renting in France, along with the cost of the rental, you will have to pay monthly fees for building maintenance (charges). Heating (chauffage), electricity (électricité) and water (eau) are usually not included in the rent.

To rent an apartment, you will need to provide the following:

- Proof of Identity
- Admission letter or Attestation de Scolarité (provided by HEC Paris)
- "RIB" or "Relevé d'identité bancaire" (this document comes from your bank. It identifies you as the owner of a French checking account, and it includes a unique identifying number for the account)
- Your previous year's tax return
- Some property owners will also require a French Guarantor. This is essentially someone with a French address who can vouch for your ability to pay for the apartment.
- Some owners accept international guarantors, but others do not - this will be on a case-by-case basis

### Studapart and other Apartment-Search Websites

Studapart is HEC Paris's social network for accommodations. The platform helps students to:

- Find/Offer a rental in France or abroad
- Find your roommate(s) and form shared rentals in France or abroad
- Find/Offer a sublet in France or abroad
- Find/Offer a temporary room in France or abroad

Any tenant occupying the property on 1st January on a permanent or even semi- permanent basis is liable for "tax d'habitation." Liability to the tax has nothing to do with the amount of time you actually occupy the property. Tax d'habitation is always sent at the end of the year, usually in October/November.

You can also prepare your language exams from home in 5 languages (English, German, Spanish, French and Chinese). To get free access, write to [language-center@hec.fr](mailto:language-center@hec.fr): we will give you a code. ## ACADEMIC

### ACADEMIC SCHEDULE

Classes may start as early as 8 am and can continue as late as 6:00pm depending on your schedule. The language classes' timetable vary depending on the language and the level.

During the Fundamental Phase, you might not have classes on Fridays and Saturdays; however, the Career Center may schedule Information Sessions, Fast-Tracks and other “Bootcamp” sessions on these days which may be compulsory, so check the calendar before booking any weekend trips. TEC also requires full-day attendance on some Fridays.

Academics will provide access to an Outlook Calendar that is updated with school activities and classes. This schedule is updated 24 hours after the schedule that appears on your personal Intranet space/MyHEC app.

### BOOKS & CLASS MATERIALS

It is not necessary to purchase books prior to arriving on campus; in fact, **the MBA Council recommends that students purchase books after they arrive on campus**. The reason for this is that you can get several of the books for free from the library in digital format or get a loan of one of the many course books available there.

In addition to class textbooks, it is common for professors to prepare course packets for students that include cases and supplemental reading materials. The HEC Paris MBA administration will provide participants with the necessary course packets prior to the first day of class. The cost of course packets is included in your tuition; there is no extra fee.

Books recommended for class will be published in the respective course syllabi. Although not required to complete assignments, most books and other additional resources are recommended to supplement the course lectures and course packets.

Scientific calculators are regularly used in courses. If you have one, bring it along or consider ordering one online. For example, the CFA approved **Texas Instruments BA II Plus** is a safe choice.

### GETTING INVOLVED

There are many ways for students to get involved at HEC. There are professional clubs, social clubs and sports clubs. To participate in club events, you would need to pay the one-time council fee, which will be communicated to you via email. For the full list of clubs, please check the [appendix](#), p. 28.

#### Partners Club

If you are living in France with your partner, you may like to contact the HEC Paris Partners Club. It can help you have a better experience as a couple on the campus and organizes gatherings among all partners. Just email [association.hec-paris-partners-club@hec.edu](mailto:association.hec-paris-partners-club@hec.edu).

### PRACTICAL INFORMATION

## LIVING COSTS

For a full breakdown of all estimated costs please check the [appendix](#), p.30.

### Requirements to open a bank account

- Passport
- Visa
- Housing Attestation
- Admission Letter
- Translation of Marriage Certificate (if applicable)

They will make photocopies of your documents. You will have the option to fill out a form for one year of free housing insurance.

The full process from the moment you have filled out your banking paperwork until your bank account is up and running should take ~ 5-8 working days. However, French administration can be complicated so this might take longer. For a timeline of what to expect after completing the banking paperwork please check the [appendix](#), p.30.

### How to Write a Check in France

Surprisingly, checks are still a popular means of payment in France, and there is a high chance you might be in a situation where only a check is accepted. View how to write a check in France in the [appendix](#), p.30.

### CAF

Caisse de Allocations Familiales, also known as the CAF, is a government body that provides benefits to students and families to cover a variety of needs, including rental assistance, services for young children, and more. As a student with low or no income, you will most likely qualify to receive certain benefits from the CAF. The process is often slow moving and requires a lot of documentation, so it is best to start the application as early as possible. For more information, contact [studentservices@hec.fr](mailto:studentservices@hec.fr).

## STUDENT DISCOUNTS

### European Travel Discounts

There are several [discounts](#) available on European trains. HEC Paris MBA students may be particularly interested in information about group discounts and youth discounts for individuals aged 16-25. ([raileurope.com/deals](http://raileurope.com/deals))

The [SNCF website](#) also offers package deals and last-minute offers, along with a discount card for individuals aged 18-27. ([voyages-sncf.com](http://voyages-sncf.com))

### Student Card Discounts

Upon arrival on campus, you will receive your student ID card, also known as the International Student Identity Card, or ISIC.

The [ISIC website](#) offers a wide range of student discounts with companies like Microsoft, The Economist, JetBlue and Sephora. Extensive travel discounts are available to students under the age of 26. The company is currently developing a range of insurance products tailored to students as well. ([isic.org](#))

It is worth showing this card at museums, movie theatres, hair salons, some restaurants, etc. as you might receive a student discount.

### MOBILE SERVICE IN FRANCE

To subscribe to a monthly phone plan in France, you need to have a French bank account (RIB number) before you can get your phone line ordered and activated.

If you do not want to get a monthly plan you also have the option to purchase a pre-paid SIM card (you can find several options at Vélizy 2).

If you want to keep your number once you are ready to subscribe to a monthly plan, most carriers will require you to wait for a period of up to three months before transferring the number to a contract.

#### **Generally, you will need to provide the following:**

- Passport or EU Identity Card
- RIB (Relevé d'Identité Bancaire) from your French bank
- Proof of residence (Justificatif du domicile)

### Mobile Plans in France

Some useful basics about French mobile services:

- You are not charged when you receive a call or an SMS
- Family plans (multiple lines sharing the same pool of minutes) do not exist
- You get charged per second (not per minute)
- If you want a new phone, the carriers can subsidize your phone in exchange for a 12- or 24-month contract (but the total cost is higher than buying the phone upfront)
- Calling a cell from a landline is around 10x more expensive than calling a landline from a landline
- Calling in France from a cell is a flat rate no matter where you are

If you have a cell phone from your home country, and you do not know if it will work on French frequency bands, you can either ask your own network provider or go to [gsmarena.com](#), and search for your cell phone model.

### Choosing a Plan

In France, since 2012, the price of non-contract/prepaid plans went so low (€20/month), that it is no longer cost-effective to buy a contract. Buying a phone upfront full cost is now a cheaper solution. As such, the contract offers of the main carriers will not be discussed here.

#### **Carriers:**

- **RED by SFR:** [sfr.fr/telephonie-mobile/red-de-sfr.html](#)
- **Orange:** [orange.fr](#)
- **Bouygues (B&YOU plans):** [b-and-you.fr](#)
- **FREE\* mobile:** [mobile.free.fr/Main](#) (the most inexpensive option)

### Additional Information about Phone Numbers in France

- Phone numbers in France always start with 0 (zero). For instance, when calling someone, you must dial: 01 39 56 XX XX
- The number after the 0 is used to split the different numbers by different purposes or geographical areas. For example, for calling a fixed line phone in the Paris area, you will always dial 01, and for calling a cell phone, you will always dial 06 or 07
- When calling from abroad, the caller should remove the 0 (zero) before the number. Thus, someone calling, for example, from India to the number 01 39 56 XX XX, must dial: +33 1 39 56 XXX

### HOW TO WRITE A CHECK IN FRANCE

Follow the numbers on the example above:

1. The amount of the check in text. For example “deux mille trois cent vingt-trois euros et 45/100 centimes.” The line below is a continuation of this line. Draw a line through it if you are able to write the full amount on the first line.
2. Write the name of the payee, the person or organization to which you are writing the check.

3. Write out the amount in figures, for example €2.323,45. Note that the French use a comma (virgule) to denote the decimal places. Similarly, they use a period (point) to denote thousands or millions. For extra insurance, write the centimes figure higher up with a line underneath. Make sure to put a hash mark through the stem of the number 7 so it is not mistaken for the number 1.
4. Write the name of the town where you wrote the check.
5. Write the date. Remember that the French put the date ahead of the month, as in 18 juin, 2018.
6. There is no line, but you should sign your name in this area.
