TESTIMONIALS

Aron (German, Master in Management student) :

« My experience at the French Summer School was a great start to my studies at HEC Paris. Getting to know part of the future campus community during French lessons led by great teachers as well as the free time after class made sense to me. »

Mihir (Indian, Master in management student) :

« I would definitely recommend the French School to all the incoming students. It is a great opportunity to not only learn French from the best teachers but also immerse yourself in the French culture. Moreover you have the chance to live in Paris and get accustomed before the beginning of the HEC life. »

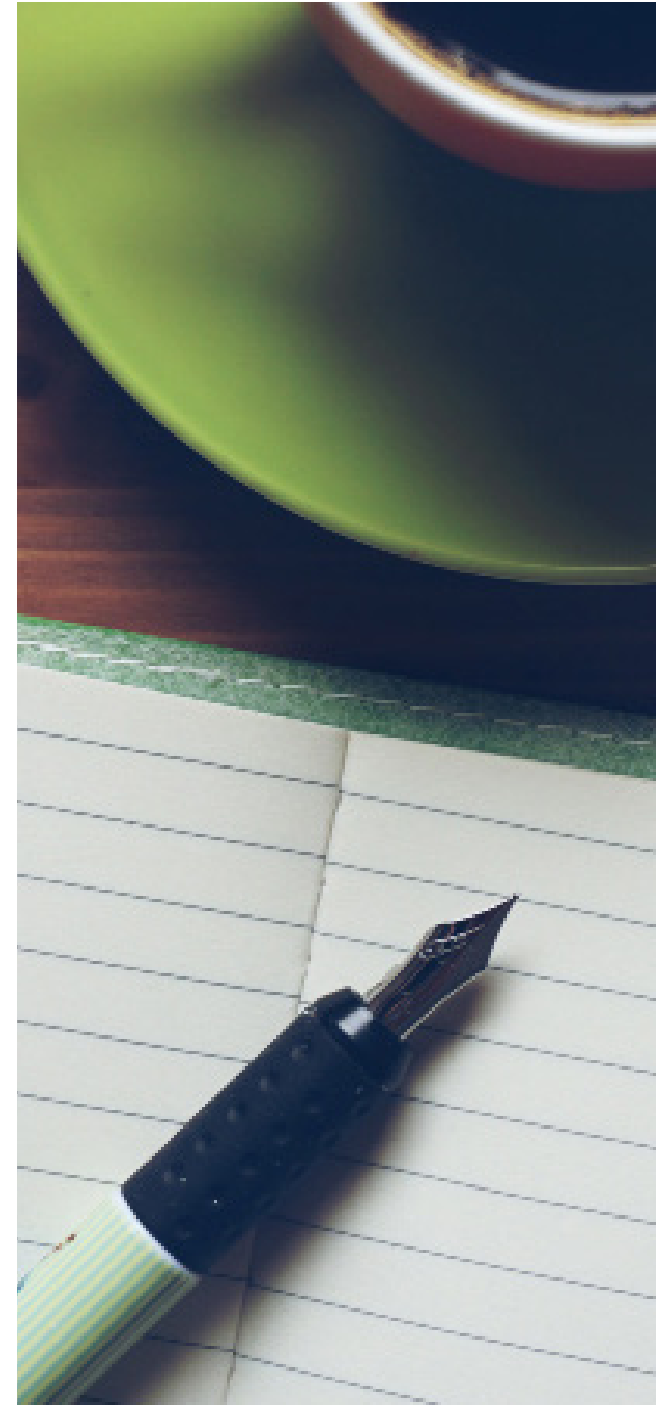

Carmen (German, MSc Marketing student) :

« I had a great time at the HEC French School. Apart from having really good teachers who taught in interactive and fun ways, I got to know a lot of students from HEC from different programs and different nationalities. We had a great time exploring Paris.

The guided tour gave us the opportunity to see places in Paris, a tourist would not find by himself. A great start to a great start at HEC Paris. »

Yunpeng (Chinese, MSc in Management and Financial Economics student) :

« It's a great opportunity for us to train our language skills, meet our future classmates, and have a pleasant experience living in Paris before the official start of the master program. I wish it was longer ! »
